

HEALTH PLAN

Beginners Guide

Not sure where to go for care? Here's how your health plan works.

Rule 1:

Your health plan is an open network.
This means you can receive care from any provider of your choice.

Rule 2:

Your physician benefits *may* include a physician only network (PON).
This means you have access to in network providers as well.

Rule 3:

If you're ever unsure,
call the Member Support number listed on your ID card.
