Open Access Plan:

Your health plan is part of an Open Access Plan, meaning you can access any physician of your choice.

Physician Only Networks:

Your health plan *may* include a Physician Only Network (PON). A PON is a network that consists of doctors that you and your enrolled dependents have access to. You can find participating providers by visiting your PONs provider search, or by calling the Member Support number on your ID Card

Prefer another physician?

You can still receive care from the doctor of your choice.

Questions?

Call the Member Support number on your ID Card, or Contact your Fairo's Advocate.
